An outreach vehicle may also be used for programming at daycare centers, schools, senior centers, etc. **A vehicle is not counted as both an outreach vehicle and a bookmobile – it is counted as one or the other.**

Library Staff (J1- J7)

Report figures as of the last day of the fiscal year. **Include all positions funded in the library's budget whether those positions are filled or not.** To ensure comparable data, 40 hours per week has been set as the measure of full-time employment (FTE). For example, 60 hours per week of part-time work by employees in a staff category divided by the 40-hour measure equals 1.50 FTEs.

To calculate FTEs for seasonal workers, I would use the following example:

- Two three month workers (.25 of year) work 15 hours a week, so
- $15 + 15 = 30$ hrs/wk
- $30/40 = .75$ FTEs
- $.75 * .25 = .1875$ FTE for entire year (based on working only three months)

Self-Directed Activities (Passive Programs) (P1 -

A Self-directed Activity is a planned, independent activity available for a definite time period which introduces participating individuals to any of the broad range of library services or activities which directly provide information to participants. Activities differ from programs in that activities are unstructured and depend on the participation of the attendee to create the experience, rather than a structured presentation offered by librarian to a group at a set time.

Examples of these types of passive activities include DIY stations, craft/activity bags, make and take activity kits, and *Do Science at Home STEAM Kits*.

This does not include informal services such as homework help.

Count all activities, whether held on- or off-site, that are sponsored or co-sponsored by the library. Exclude activities sponsored by other groups that use library facilities.

Self-directed activities may also have a program component that would be reported in Section O of the report. For example, a program about crafts (report in Section O) may involve constructing objects (report in Section P)
